DESIGN COMPETITION

"Urban Haat"

Call for Entries

DEADLINE : 26TH APRIL '21

Design Brief

About the City

Kota is a city on the Chambal River in Rajasthan, northern India. Inside the Kota Garh, or City Palace, the Maharao Madho Singh Museum exhibits miniature paintings and antique weapons. South, along the river, tranquil Chambal Garden has a pond with crocodiles. Northeast, 18th-century Jagmandir Palace sits in the middle of Kishore Sagar Lake. Seven Wonders Park includes mini replicas of the Eiffel Tower and Taj Mahal

Kota, being the educational capital of India, with a population of around 15 lakh, is the third biggest city of the Rajasthan after Jaipur and Jodhpur. A fast growing urban development brings a challenge of keeping together a balance between the regional traditional Craftsmen with Branded Showrooms . The Local Craftmen requires a space to display and commercialism their Art.

About Haat – Bazar

Haat / Bazar are important and vital part of a region as they serve as means for interaction , meeting , display and exchange of goods and services. They are much more than any commercial place. These are flexible and spacious spaces that provides a clear image of a regions economy.

Haat - Bazaar plays a vital role in overall development of not only an individual but the entire community. The proposed Haat - Bazaar is to be used by artists and arts loving people. Haat- Bazaar being a cultural center are important for local communities as a venue of organizing their leisure, providing opportunities for self-expression, initiatives and cultural education.

Various exhibitions and performances by local artists can be displayed along with the annual festivals of dance and music. The center can also be used to hosts workshops or Exhibitions for promoting local Art.

ABOUT THE SITE

The site is located right at heart of the city. Adjacent to it is the oldest and the biggest city level park Chattra Vilas garden, house of many species of plants and birds.

Kishore Sagar Talab next to the site provides a magnificent view of the Jag Mandir with an opportunity for people to have a walk along the lake. The garden and the lake together offer a perfect environment to the artists and the art lovers

Site area : 1.6 HECTARE (Approx.)

DESIGN OBJECTIVE

CONSERVATION

CONSERVE OLD STRUCTURE AND DEVELOP THEM AS AN INTEGRAL PART OF HAAT BAZAAR

CUSTOMIZABLE

DESIGN NEEDS TO BE FLEXIBLE TO CATER QUICK CHANGING MARKET SCENARIO

TRENDS

SPACE CREATED SHOULD ENCOURAGE LOCAL ART FORM

OPTIMIZABLE
